14 prior to appointment, and at least one but not more than two persons shall be appointed to said  
15 board from each congressional district. The term of service of a member of the coordinating  
16 board shall be six years and said members, while attending the meetings of the board, shall be  
17 reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary,  
18 nothing in this section relating to a change in the composition and configuration of congressional  
19 districts in this state shall prohibit a member who is serving a term on August 28, 2011, from  
20 completing his or her term. The coordinating board may, in order to carry out the duties  
21 prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical  
22 and research personnel as may be necessary to assist it in performing those duties, but this staff  
23 shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the

25 coordinating board for higher education shall have the following duties and responsibilities:

26 (1) The coordinating board for higher education shall have approval of proposed new  
27 degree programs to be offered by the state institutions of higher education;

28 (2) The coordinating board for higher education may promote and encourage the  
29 development of cooperative agreements between Missouri public four-year institutions of higher  
30 education which do not offer graduate degrees and Missouri public four-year institutions of  
31 higher education which do offer graduate degrees for the purpose of offering graduate degree  
32 programs on campuses of those public four-year institutions of higher education which do not  
33 otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of  
34 the parties, including assignment of administrative responsibility. Any diploma awarded for  
35 graduate degrees under such a cooperative agreement shall include the names of both institutions  
36 inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no  
37 further approval from the coordinating board for higher education. Any costs incurred with  
38 respect to the administrative provisions of this subdivision may be paid from state funds  
39 allocated to the institution assigned the administrative authority for the program. The provisions  
40 of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this  
41 subsection;

42 (3) In consultation with the heads of the institutions of higher education affected and  
43 against a background of carefully collected data on enrollment, physical facilities, manpower  
44 needs, institutional missions, the coordinating board for higher education shall establish  
45 guidelines for appropriation requests by those institutions of higher education; however, other  
46 provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated  
47 by the general assembly to the governing board of each public four-year institution of higher  
48 education which shall prepare expenditure budgets for the institution;

49 (4) No new state-supported senior colleges or residence centers shall be established  
50 except as provided by law and with approval of the coordinating board for higher education;

51 (5) The coordinating board for higher education shall establish admission guidelines  
52 consistent with institutional missions;

53 (6) The coordinating board for higher education shall require all public two-year and  
54 four-year higher education institutions to replicate best practices in remediation identified by the  
55 coordinating board and institutions from research undertaken by regional educational  
56 laboratories, higher education research organizations, and similar organizations with expertise  
57 in the subject, and identify and reduce methods that have been found to be ineffective in  
58 preparing or retaining students or that delay students from enrollment in college-level courses;

59 (7) The coordinating board shall establish policies and procedures for institutional  
60 decisions relating to the residence status of students;

61 (8) The coordinating board shall establish guidelines to promote and facilitate the  
62 transfer of students between institutions of higher education within the state and, with the  
63 assistance of the committee on transfer and articulation, shall require all public two-year and  
64 four-year higher education institutions to create by July 1, 2014, a statewide core transfer library  
65 of at least twenty-five lower division courses across all institutions that are transferable among  
66 all public higher education institutions. The coordinating board shall establish policies and  
67 procedures to ensure such courses are accepted in transfer among public institutions and treated  
68 as equivalent to similar courses at the receiving institutions. The coordinating board shall  
69 develop a policy to foster reverse transfer for any student who has accumulated enough hours in  
70 combination with at least one public higher education institution in Missouri that offers an  
71 associate degree and one public four-year higher education institution in the prescribed courses  
72 sufficient to meet the public higher education institution's requirements to be awarded an  
73 associate degree. The department of elementary and secondary education shall maintain the  
74 alignment of the assessments found in section 160.518 and successor assessments with the  
75 competencies previously established under this subdivision for entry-level collegiate courses in  
76 English, mathematics, foreign language, sciences, and social sciences associated with an  
77 institution's general education core;

78 (9) The coordinating board shall collect the necessary information and develop  
79 comparable data for all institutions of higher education in the state. The coordinating board shall  
80 use this information to delineate the areas of competence of each of these institutions and for any  
81 other purposes deemed appropriate by the coordinating board;

82 (10) Compliance with requests from the coordinating board for institutional information  
83 and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall

84 be a prerequisite to the receipt of any funds which the coordinating board is responsible for  
85 administering;

86 (11) If any institution of higher education in this state, public or private, willfully fails  
87 or refuses to follow any lawful guideline, policy or procedure established or prescribed by the  
88 coordinating board, or knowingly deviates from any such guideline, or knowingly acts without  
89 coordinating board approval where such approval is required, or willfully fails to comply with  
90 any other lawful order of the coordinating board, the coordinating board may, after a public  
91 hearing, withhold or direct to be withheld from that institution any funds the disbursement of  
92 which is subject to the control of the coordinating board, or may remove the approval of the  
93 institution as an approved institution within the meaning of section 173.1102. If any such public  
94 institution willfully disregards board policy, the commissioner of higher education may order  
95 such institution to remit a fine in an amount not to exceed one percent of the institution's current  
96 fiscal year state operating appropriation to the board. The board shall hold such funds until such  
97 time that the institution, as determined by the commissioner of higher education, corrects the  
98 violation, at which time the board shall refund such amount to the institution. If the  
99 commissioner determines that the institution has not redressed the violation within one year, the  
100 fine amount shall be deposited into the general revenue fund, unless the institution appeals such  
101 decision to the full coordinating board, which shall have the authority to make a binding and  
102 final decision, by means of a majority vote, regarding the matter. However, nothing in this  
103 section shall prevent any institution of higher education in this state from presenting additional  
104 budget requests or from explaining or further clarifying its budget requests to the governor or the  
105 general assembly; and

106 (12) (a) As used in this subdivision, the term "out-of-state public institution of higher  
107 education" shall mean an education institution located outside of Missouri that:

108 a. Is controlled or administered directly by a public agency or political subdivision or is  
109 classified as a public institution by the state;

110 b. Receives appropriations for operating expenses directly or indirectly from a state other  
111 than Missouri;

112 c. Provides a postsecondary course of instruction at least six months in length leading  
113 to or directly creditable toward a degree or certificate;

114 d. Meets the standards for accreditation by an accrediting body recognized by the United  
115 States Department of Education or any successor agency; and

116 e. Permits faculty members to select textbooks without influence or pressure by any  
117 religious or sectarian source.

118 (b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

119           a. The board's approval process of proposed new degree programs and course offerings  
120 by any out-of-state public institution of higher education seeking to offer degree programs or  
121 course work within the state of Missouri; and

122           b. The board's approval process of degree programs and courses offered by any  
123 out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by  
124 the board to operate a school in compliance with the provisions of sections 173.600 to 173.618.  
125 The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer  
126 degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri  
127 public higher education institutions. Such out-of-state public institutions shall be held to  
128 standards no lower than the standards established by the coordinating board for program approval  
129 and the policy guidelines of the coordinating board for data collection, cooperation, and  
130 resolution of disputes between Missouri institutions of higher education under this section. Any  
131 such out-of-state public institutions of higher education wishing to continue operating within this  
132 state must be approved by the board under the rules promulgated under this subdivision. The  
133 coordinating board may charge and collect fees from out-of-state public institutions to cover the  
134 costs of reviewing and assuring the quality of programs offered by out-of-state public  
135 institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is  
136 created under the authority delegated in this section shall become effective only if it complies  
137 with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028.  
138 This section and chapter 536 are nonseverable and if any of the powers vested with the general  
139 assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a  
140 rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule  
141 proposed or adopted after August 28, 2007, shall be invalid and void.

142           (c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted  
143 so that students attending an out-of-state public institution are considered to be attending a  
144 Missouri public institution of higher education for purposes of obtaining student financial  
145 assistance.

146           3. The coordinating board shall meet at least four times annually with an advisory  
147 committee who shall be notified in advance of such meetings. The coordinating board shall have  
148 exclusive voting privileges. The advisory committee shall consist of thirty-two members, who  
149 shall be the president or other chief administrative officer of the University of Missouri; the  
150 chancellor of each campus of the University of Missouri; the president of each state-supported  
151 four-year college or university, including Harris-Stowe State University, Missouri Southern State

153 State Technical College] **State Technical College of Missouri**; the president or chancellor of  
154 each public community college district; and representatives of each of five accredited private

156 of all of the state's privately supported institutions; but always to include at least one  
157 representative from one privately supported community college, one privately supported  
158 four-year college, and one privately supported university. The conferences shall enable the  
159 committee to advise the coordinating board of the views of the institutions on matters within the  
160 purview of the coordinating board.

161 4. The University of Missouri, Lincoln University, and all other state-governed colleges  
162 and universities, chapters 172, 174, 175, and others, are transferred by type III transfers to the  
163 department of higher education subject to the provisions of subsection 2 of this section.

164 5. The state historical society, chapter 183, is transferred by type III transfer to the  
165 University of Missouri.

166 6. The state anatomical board, chapter 194, is transferred by type II transfer to the

168 7. All the powers, duties and functions vested in the division of public schools and state  
169 board of education relating to community college state aid and the supervision, formation of  
170 districts and all matters otherwise related to the state's relations with community college districts  
171 and matters pertaining to community colleges in public school districts, chapters 163, 178, and  
172 others, are transferred to the coordinating board for higher education by type I transfer.  
173 Provided, however, that all responsibility for administering the federal-state programs of  
174 vocational-technical education, except for the 1202a postsecondary educational amendments of  
175 1972 program, shall remain with the department of elementary and secondary education. The  
176 department of elementary and secondary education and the coordinating board for higher  
177 education shall cooperate in developing the various plans for vocational-technical education;  
178 however, the ultimate responsibility will remain with the state board of education.

179 8. All the powers, duties, functions, and properties of the state poultry experiment  
180 station, chapter 262, are transferred by type I transfer to the University of Missouri, and the state  
181 poultry association and state poultry board are abolished. In the event the University of Missouri  
182 shall cease to use the real estate of the poultry experiment station for the purposes of research  
183 or shall declare the same surplus, all real estate shall revert to the governor of the state of  
184 Missouri and shall not be disposed of without legislative approval.

173.1105. 1. An applicant who is an undergraduate postsecondary student at an  
2 approved private or public institution and who meets the other eligibility criteria shall be eligible  
3 for financial assistance, with a minimum and maximum award amount as follows:

4 (1) For academic years 2010-11, 2011-12, 2012-13, and 2013-14:

5 (a) One thousand dollars maximum and three hundred dollars minimum for students

7 (b) Two thousand one hundred fifty dollars maximum and one thousand dollars  
8 minimum for students attending institutions classified as part of the public four-year sector,  
9 including [Linn State Technical College] **State Technical College of Missouri**; and

25 the term "increment group" shall mean a group organized by expected family contribution in five  
26 hundred dollar increments into which all eligible students shall be placed.

27 3. If appropriated funds are insufficient to fund the program as described, the maximum  
28 award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds  
29 exceed the amount necessary to fund the program, the additional funds shall be used to increase  
30 the number of recipients by raising the cutoff for the expected family contribution rather than by  
31 increasing the size of the award.

32 4. Every three years, beginning with academic year 2009-10, the award amount may be  
33 adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U),  
34 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States  
35 Department of Labor, or its successor agency, for the previous academic year. The coordinating  
36 board shall prepare a report prior to the legislative session for use of the general assembly and  
37 the governor in determining budget requests which shall include the amount of funds necessary  
38 to maintain full funding of the program based on the baseline established for the program upon  
39 the effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not  
40 become effective unless an increase in the amount of money appropriated to the program  
41 necessary to cover the increase in award amount is passed by the general assembly.

15 opportunities.

16 3. The director of the department of economic development shall provide annually to the  
17 commissioner of education a listing of demand occupations in the state including substate

22 authorized by this section shall be to public high schools, vocational-technical schools, [Linn  
23 State Technical College] **State Technical College of Missouri**, or community colleges for new  
24 programs, curriculum enhancement or equipment necessary to address demand occupations  
25 identified pursuant to subsection 3 of this section.

178.631. If the facilities, equipment, and adjoining grounds of Linn Technical College  
2 located in Osage County and commonly known as the East Campus of Linn Technical College,  
3 as well as the cash reserves of Linn Technical College are made available to the state of Missouri  
4 as a gift by the Osage R-II school district, there shall be established at that site a state technical

5 provided by law for such vacancies on the board of curators of the University of Missouri.

178.635. 1. The board of regents of [Linn State Technical College] **State Technical**  
2 **College of Missouri** shall organize in the manner provided by law for the board of curators of

3 the University of Missouri. The powers, duties, authority, responsibilities, privileges,

6 commonly offered by community colleges or area vocational technical schools. Primary  
7 consideration shall be placed on the industrial and technological manpower needs of the state.  
8 In addition, [Linn State Technical College] **State Technical College of Missouri** is authorized  
9 to assist the state in economic development initiatives and to facilitate the transfer of technology  
10 to Missouri business and industry directly through the graduation of technicians in advanced and  
11 emerging disciplines and through technical assistance provided to business and industry. [Linn

14 to which member contributions had been made; or
